1. Slide feet into bottom panel.

2. Slide side panels into bottom panel.

3. Slide top panel into side panels.

4. Fit end of curtain dowel into hole in side panel and snap curtain crank into side clip. Fit one end of the backdrop dowel into a side panel slot, then support the other side panel with your hand to fit the opposite end of the dowel into the slot. Note: Backdrop dowel fits tightly to help stabilize the theater.
